at Sandy Point since 1992!

Madi nested twice this year at Sandy Point!
She was Turtle #16 of 24 for the 2019 season!

Size:
156.0 cm

2 Nests

About March Madi

March Madi, Madi for short, has been coming to Sandy Point for many years! She has used all parts of the refuge for nesting in years past, North, West and South Beaches. This year she kept her nests (rather small ones) on the North Beach and we had to relocate one of them due to erosion.

Average # Eggs
46
in her clutches!

Adopted by Molly Murray during March Madness!
Thank you!

The St. Croix Leatherback Project is partially supported by the Sea Turtle Census, a project of The Ocean Foundation, a 501(c)(3) organization, in cooperation with the USFWS.
